mini tour

site design
We will personalize your portal with your company logo and one brand color.

proprietory images
3D style images or custom icons can be created upon request by our design team.

ADD ON

stay organized
Products are stored in relevant categories to improve navigation. We recommend our standard structure but these can be tailored if necessary.

catalog images
We use a friendly, image based menu - choose from our selection of icons to work with your categories.

personalize
While holding static artwork or inventory items, users can also personalise content, choose sizes and change images to suit their needs.

flexibility
Customize marketing to respond to local needs, while remaining on brand.
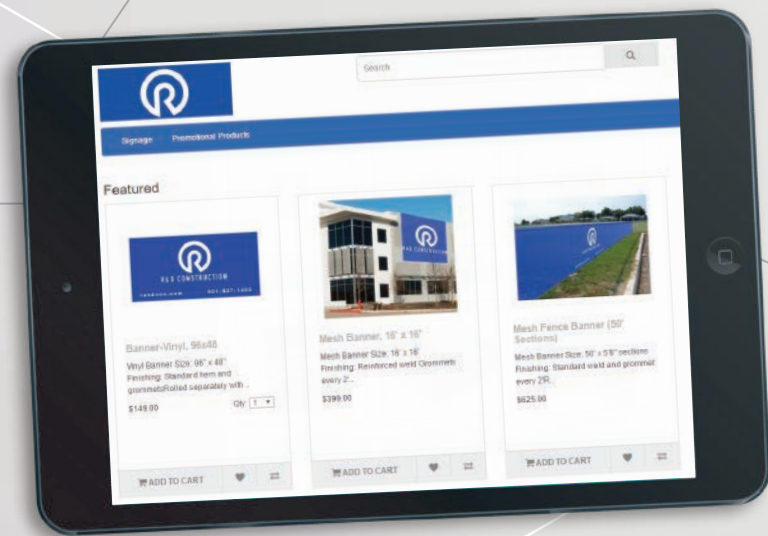

ADD ON

creative design
Our creative design department, specializes in design for VAM. We can take your project right from the start and use the system in the most creative way or adapt your existing artwork for upload.

VAM is a tailored solution to meet the needs of any industry.

VISUAL ASSETS MANAGEMENT
by Vision Graphics

www.visiondoesit.com/VAM

VAM is an online portal built to hold your entire marketing inventory, making it easier for you and your staff to access the important tools needed to promote your brand

Powerful, flexible and very simple to use. VAM helps keep your organization's marketing assets organized and current while reducing your costs, saving you time and helping you deliver your print and marketing collateral on schedule and on budget.

Our full-service production facilities print on-demand and ship worldwide. We also have partner sites globally to deliver local service and to meet any deadline anywhere. Items such as mugs, pens, promotional products, clothing, etc. can be placed with our trusted suppliers.

We have developed our entire technology and service infrastructure to provide you with convenience and reliability. Ultimately, we have invested heavily to ensure your success in printed marketing collateral.

VISUAL ASSETS MANAGEMENT

WANT TO KNOW MORE?

key account benefits

control & consistency
Update one central branding location so users access your most up-to-date content.

Maintain version control in your online repository, keeping your material relevant and ensuring conformity.

reporting
Find out what works - improve effectiveness of marketing and see a true picture of the materials your staff actively use. Budget and invoice reports are also available in real-time.

efficiency & automation
Speed up processes on artwork and lead times. One approval lasts for the life of the assets which cuts out change orders, prepress and mistakes.

When everyone follows the best process for your business, you save money and have more time for more strategic marketing efforts.

marketing
React quickly to market changes and keep material relevant. Implement quickly and move on to the next marketing challenge rather than worrying about your print and distribution processes.

inventory control
Eliminate physical storage and costs by print on demand. Reduce waste and carbon footprint.

Alternatively, print in bulk for best pricing and we'll warehouse until delivery time.

LET'S TALK ABOUT YOUR NEEDS OVER A DEMO.
